Product Profile

Heavy Duty Bird and Pest Exclusion
Netting for Canopies

Birdtex® Heavy is a heavy duty, commercial grade bird and pest exclusion netting engineered for permanent and semi-permanent horticultural canopy systems. Featuring a robust diamond lock stitch knitted construction with UV stabilised HDPE monofilament, Birdtex® Heavy forms a reliable physical barrier that helps protect crops, structures and assets from birds, bats and other pests.

Features and Benefits

- **Maximum Pest & Bird Exclusion:** Heavy-duty construction creates a strong, physical barrier to deter birds, bats and pests from damaging high value crops and infrastructure.
- **Canopy Engineered Strength:** Designed specifically for fixed canopy systems, with high tear resistance suited to large-scale, long term installations.
- **Long-Life Durability:** UV-stabilised HDPE construction resists degradation for long-term outdoor exposure, backed by a 15-year warranty.
- **Diamond Lock Stitch Stability:** The 20 mm diamond lock stitch knit improves structural stability while reducing deformation under tension and environmental loads.

Technical Specifications

Fabric Properties		
	Metric - AS 2001.2.13 (mass per unit)	
Minimum Fabric Mass	78 gsm ± 5	
Yarn	UV Stabilised HDPE	
Pattern	20mm Diamond lock-stitch	
Temperature Range	-30°C to +75°C	
Packaging		
Bale Material	Woven Polypropylene	Woven Polypropylene
Bale Size	1.75 m x 1.02 m x 1.02 m	5 ft 9 in x 3 ft 4 in x 3 ft 4 in

Minimum figures are based on netting expanded to the max. size. Netting which is not expanded to max. size returns higher, mass, tensile and tear results.

Product Data

Product And Package Detail					
Colour	Code	Aperture Size	Nom. Width	Length	Units per Bale
Black	2000338	20 mm	6.5 m	300 m	2
	2000339		10 m	260 m	2
	2000340		15 m	300 m	1
	2000341		20 m	260 m	1

Available in Made to order only. Contact your GALE Pacific representative for lead time information. Minimum order quantity applies.

Care & Maintenance

Do not use near open flames. Avoid contact with chemicals, pesticides or organic solvents which contain sulphur, halogens, or highly acidic substances, as these will reduce service life and void the warranty.

Usage Instructions

Birdtex® Heavy should be used in conjunction with a suitably engineered canopy, taking into account wind loads, and possible weight loading under weather conditions
